

UQFC - U14-18 - Adapting - Session 2

Category: Tactical: Decision making practices

Difficulty: Difficult

Liam Mulcahy, Brisbane, Australia

Description

Main Principle: Adapting

Behaviour: Adjusting to the opponent or situation

Why?

Training of principles for specific opposition behaviours

Inform players of moments or opposing individuals

Positional Game (20 mins)

Positioning Game

Area - as diagram (use 7 or 9 aside goals)

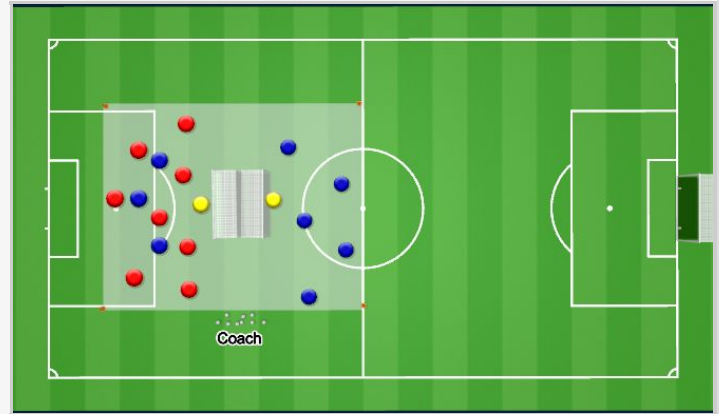

Time - 3 x 5-minute sets with 2-minute rest in between

Action - Adapting

Behaviour - Adjusting to change

Rules:

- Divide players into two even teams
- Use two GKs (use players and rotate)
- The attacking team try and score into the goal in their area
- The defending team send in three players to prevent them from scoring (8v3)
- If the ball goes out or the defenders steal and transfer back to their side, then the attackers become the defenders in the other area
- If a goal is scored, the coach plays a ball into the other area to restart
- If the GK collects the ball, they throw it into the other area to restart
- Keep the score for each set

Progressions:

- Change amount of defenders into square.
- First set, players use their hands and score using their heads or volley, if the ball drops, restart in other area
- Second and third set players use their feet

Player-led dynamics, stretches and accelerations between sets

Coaching:

- Over the top to ensure club game model principles
- Chasing into the other area, recovering with your team to connect, defending, compact, patient, stealing the ball, attacking, being creative to score and flood the goal area
- Highlight the adapting of behaviour for the attacking or defending situations
- Players are challenged with constantly adapting

Water Break:

Duration 4-minutes

Discuss with players about our attacking and defending principles

Game Training (20 mins)

Game Training 9v9

Area - half pitch

Time - 26 minutes

Action - Adapting

Behaviour - Adjusting to change

Rules

- Task each team with a match-day situation
- Intervene to reinforce player or team behaviour for their situation
- After 13 minutes, task each team with a new match-day situation

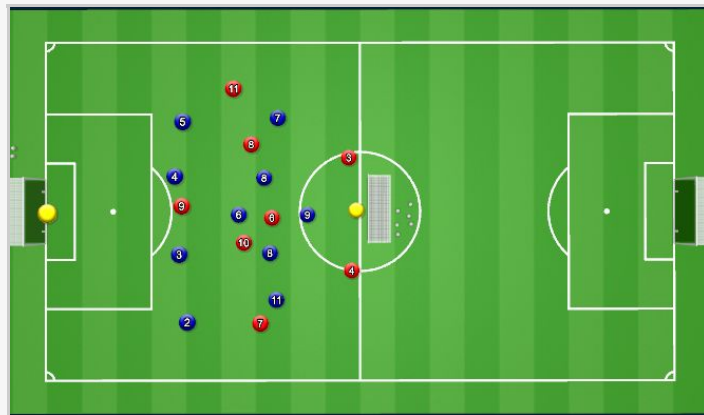

Coaching:

- Demonstrate your knowledge to date of our game model principles
- Reinforce the actions and behaviours for these moments
- Ensure that teams collectively adjust to defending their lead or needing to score
- Most interventions will be maintaining organisation for the given situation

Water Break:

Duration 5-minutes

Group questioning on match day situations, what, why and how

Game (25 mins)

Game 9v9 or 11v11

Area - half-pitch or full pitch

Time - 2 x 15-minute halves with 2-minute rest in between

Focus - Adapting

Rules

- Task each team with a match-day situation

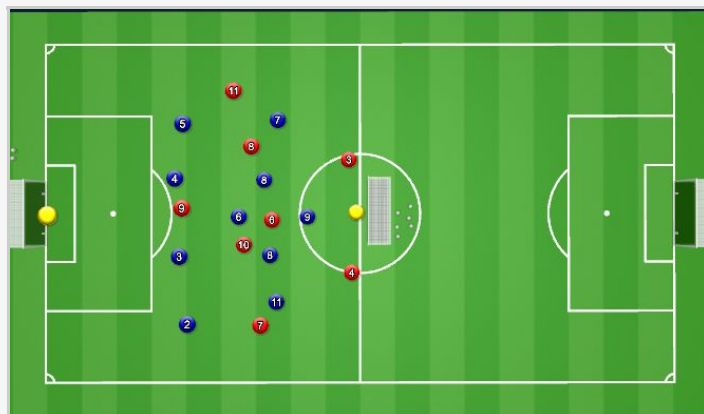

Coaching:

- Coaches stay out of the playing area
- Observe for previous learning transfer from the game training
- Reinforce game model principles or situation organisation and management
- Do not stop or continuously shout instructions
- Use the 2-minute break to question players about how they managed their teams situation

Session Recap

Question the players on match situations they have previously experienced

Ask how they will deal with these in the future

Set Pieces (15 mins)

Coach can choose any 2 set pieces to work on based on their observations of their team.

Coach needs to make sure that they are delivered at game-intensity and set up as per UQFC team model.
