

UQFC - U14-18 - Getting in Behind - Session 2

Category: Academy: Create the attack

Difficulty: Difficult

Liam Mulcahy, Brisbane, Australia

Description

Main Principle: Getting in Behind

Behaviour: Passing through or over

Why? To expose the space behind the opposition to score; Break the opposition's defensive line

Fun Warm Up (5 mins)

Warm-up (four teams adjust numbers)

Area - Two rectangular areas with end zones

Time - 5-minutes

Action - Getting in Behind

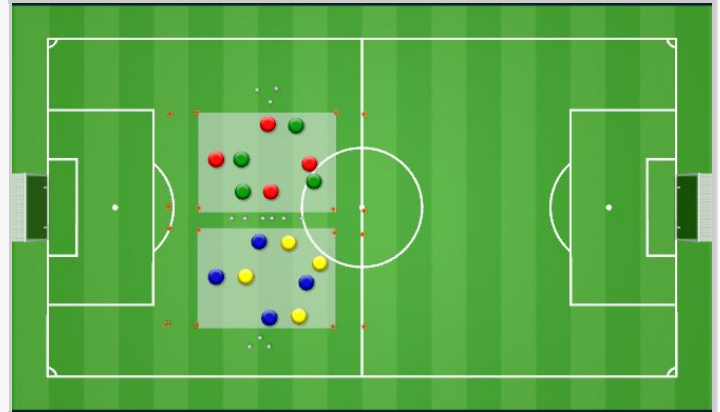

Behaviour - Exploiting the space

Rules:

- Two teams in each area, the players throw the ball but cannot move when they have it, to score a player needs to arrive in the end zone and catch the ball
- After a goal, the other team restart and attack the other end zone
- Players do their own dynamics or individual warm before
- positioning game

Water Break:

No break, go straight into the positioning game

Positional Play (15 mins)

Positioning Games (four teams)

Area - Two rectangular areas with end zones (same as warm-up)

Time - 15-minutes continuous

Action - Getting in Behind

Behaviour - Exploiting the space

Rules:

- Same game as the warm-up, but now on the ground
- A player must arrive on time into the end zone to receive a pass to score (cannot wait)
- Possession restarts with the defensive team after a goal is scored
- Rotate teams every 5-minutes

Coaching:

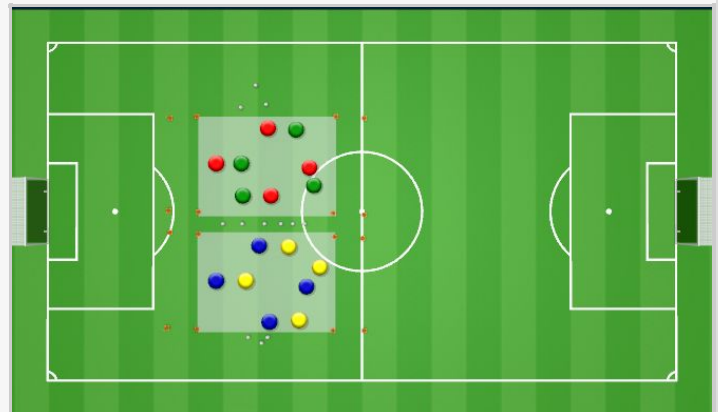

- Encourage players to get in behind to score (timing & exploit space)
- Task players to play in behind by going through or over
- Ensure our game model principles occur

Water Break:

Duration 5 minutes

Ask players to discuss how they get in behind and when?

Get them to tell you once they come back in

Game Training (25 mins)

Game Training 9+GKv8

Area - half pitch (better on three-quarter pitch size)

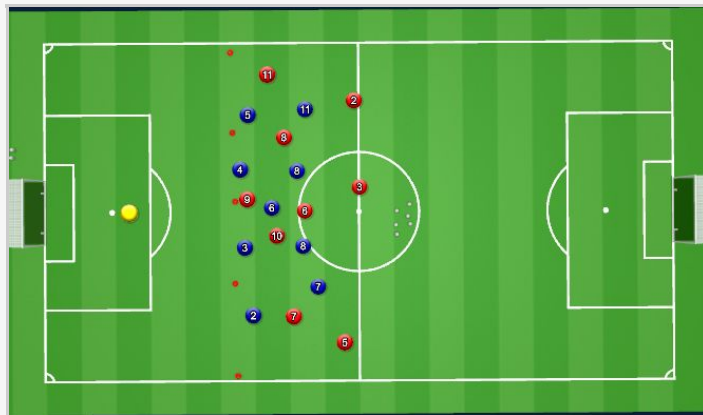

Time - 25 minutes

Action - Getting in Behind

Behaviour - Exploiting the space

Rules:

- 8 Reds v 9 Blue+GK
- Red team score in big goals, and the Blue score by dribbling over halfway
- Play starts on the halfway line with 2,5 or 6
- All players remain inside the halfway line and red cones until the black play in behind
- Allow natural restarts

Coaching:

- The focus is on the black team getting in behind
- Task the black players to exploit the space in behind the opposition/opponent
- Player tasks to play through or over the opposition and timing of forward runs to get in behind to score
- Replaying these coaching moments will be tricky to recreate the picture to teach in
- Reinforce the purpose of the session and the use of divergent questioning when teaching
- Adjust for numbers (cut off corners and take out FBs or wide players)

Water Break:

Duration 5 minutes

Quick group discussion on why we play in behind and when with the players

Game (30 mins)

Game 9v9

Area - as diagram (keep narrow)

Time - 2 x 12-minute halves with 60-second rest in between

Focus - Getting in Behind

Coaching:

- Verbally praise players getting in behind the opposition
- Observe players speed of thought and intentions to play
- through or over Dont stop the game to coach

Summary:

Group discussion, ask why we look to get in behind and when we do it

Link learning of previous game model principles

Take this new action and behaviours into the upcoming match
