

UQFC - U14-18 - Trapping - Session 1

Category: Academy: Mid-block and press

Difficulty: Difficult

Liam Mulcahy, Brisbane, Australia

Description

Main Principle: Trapping

Behaviour: Force the opposition into a vulnerable position

Team Model Moments:

On the opposition fullbacks, when building out

As the opposition passes into our middle third

5v3 Rondo (20 mins)

Rondo 5v3 (adjust outside players to suit numbers)

Area - Circular shape - 15m diameter

Time - 3 x 4 minutes with 2 x 30-second Dual Force exercises between sets

Action - Setting traps

Behaviour - Surrounding the ball/opponent

Rules:

- Defenders hold bibs and drop when they retain the ball or are closest to the player that kicks it outside the area
- If a defender drops the bib outside the area or throws it and the new defender catches it, they are in again
- Defenders steal the ball, drop the bib and play. Any defender kicking the ball out remains a defender
- Players restart/collect balls from ball stations

Progressions: (after 4-minute set)

-Once defenders steal back the ball, they can run it outside the area, and three new players become the defenders if successful.

All Non-defenders must react and surround the defender and steal back the ball before they escape the area

Dual Force - First Round

-Tug of War, in twos, the players face each other in the squat position and grab each other hands/wrists and pull them forward three steps for a point (30 seconds)

-Team Tug of War, split group into two teams who link hands and try to pull the other team over or past the line/cone (30 seconds)

-The winners need to do a celebration dance

Dual Force - Second Round

-Push Outs, use both rondo areas, select three defenders who trap the other players, and push them out of the area together. Play until one player is left standing (play twice)

Coaching:

- Observe the action of setting traps
- Observe the behaviour of surrounding the opposition player with the ball
- Over the top, motivate players to set traps together

Water Break:

Duration 4-minutes

Positioning Game - Trapping (25 mins)

Positioning Games 5v4

Area - Rectangle shape

Time - 3 x 6 minutes

Action - Setting traps

Behaviour - Surrounding the ball/opponent

Rules:

- Red scores into the small goal and both teams can score by running the ball over their end zone.

- Restart is with the Red player bringing the ball into the area

- The first round has 60 seconds of rest, the second 90 seconds and the third 120 seconds

Progressions:

Set 1 - Players are free to play anywhere inside the area

Set 2 - Geographically position the players, Red cb, fullback, midfielder and wide striker (goal is the striker) and blue cb, wide cb, wide midfielder, central midfielder and striker. Maintain this organisation each restart

Set 3 - Set the blue team the task to set a three player trap on the fullbacks and to be combative when an orange midfielder or wide player is about to receive the ball. If successful, three players score into the big goal within 3 seconds

Coaching:

- Coach over the top and intervene (5 seconds) to reset the player positioning at each restart (as shown in the diagram)

- One group player task (5 seconds) blue striker, wide midfielder, and midfielder/deep striker traps the fullback as they receive

Water Break:

Duration 6-minutes

Reinforce coaching moments with individual players

Small Sided Games (30 mins)

Small Sided Tournament 5+GKv5+GK (three teams)

GKs stay on

Area - 30 yards by 25 yards

Time - The winner stays on

Action - Setting traps

Behaviour - Surrounding the ball/opponent

Rules:

- Red and blue score into the big goals, and the yellow team on the outside

- Outside players can be tackled (play quickly)

- After one goal, the outside team sprints on together

Progression:

Now two goals before the outside team come on (player recovery time longer)

Coaching;

Praise players actions and behaviours on successful traps

Ensure outside groups coming in surround the ball quickly
