

UQFC - U9-13 - Building Out - Session 2

Category: Academy: Create the attack

Difficulty: Moderate

Liam Mulcahy, Brisbane, Australia

Description

Principle: Building out

Behaviours: Drag opposition out of position and play forwards

Why? To progress the ball forwards; Exploit the organization of the opposition

4v2 Rondo (20 mins)

Rondo 4v2 (adjust numbers)

Area - Diamond shape

Time - 3 x 4 minutes with player-led dynamics and sprints in between

Action - Repositioning

Behaviour - Exploiting the space

Rules:

- Normal club rules with defenders and bibs
- In Set 1, the defenders swap out when they steal back the ball with the attacker
- In set 2, the defender tries to escape out of the area with the ball, attacker behaviour to stop them and retain possession again
- In Set 3, the defenders can score in the big goal, and all attackers stop them, defenders then select the new two defenders and play resumes in the rondo before the new defenders can steal the ball

Sprints:

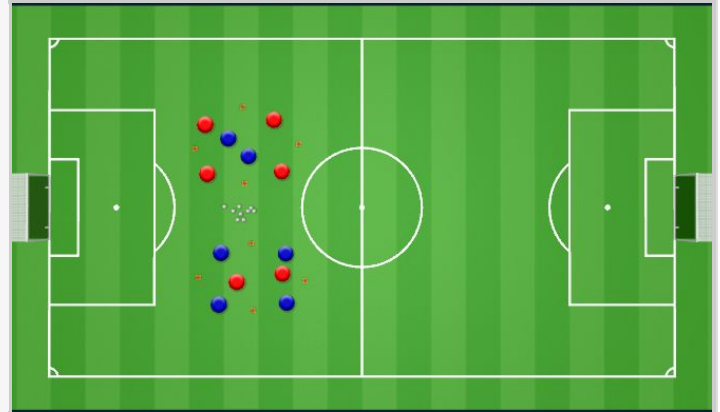

- Pulses, players in their groups jog around, they accelerate and change direction three times (pulse) for 5-10 steps this is on the shout of a player. Pass on the player shouting for the next set of pulses.

Coaching:

- Although we are focusing on building out when possession is lost, instant recovery to get the ball back, then structure, reposition, and exploit (play through, around or over)

Water Break:

Duration 5 minutes

Positional Play (25 mins)

Attack vs Defence

Area - Half Pitch

Time - 3x7 minutes (swap direction after 1st round) - Make equal teams for the final round and swap when goal is scored in the mini goal.

Organisation - Back 4/3 plus 1/2 central midfielders - Swap after each game

Play starts with Red GK

Scoring - Blue in the big goals and Red in the two mini goals.

Team Task (Attacking team):

- Today is all about trying to progress the ball to our forward players without the other team stealing the ball.

Player Tasks:

- Can we always scan to see where clear passing lines are and off the ball can we make sure those lines are clear of defending interference.
- Can we find our best forward pass **through** or **over**, a pass that allows us to progress the ball forwards.
- IF not, can we look for a pass **around** the defenders.
- IF not, can we look to behind us to **reset** if we cannot play a forward pass.
- Use our GK as a +1 attacker to always have a overload when we play out.

Make sure you:

- Maintaining blue structure when the GK has the ball
- Allow natural play and restarts (throw-ins and orange CB starting play)

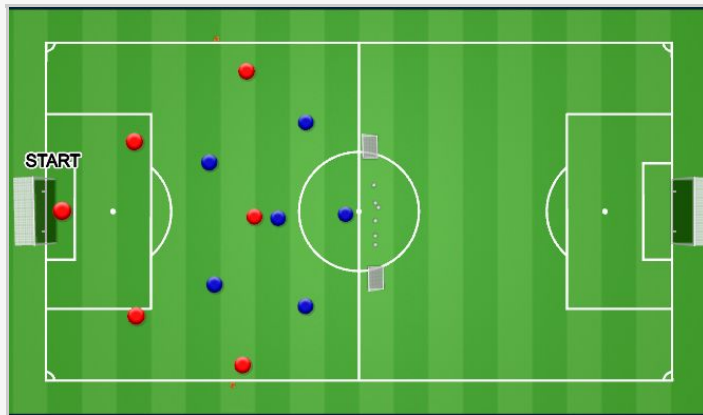

Coaching:

- Use a mixture of techniques (In, over, dead-ball) to bring the tasks to life and try to **LINK** tasks between players. (I.e. If a CB has the ball, how can the other players create a clear passing line).

Water Break

Duration - 6 minutes

Pose players questions that may not have arisen from the activity.

Game (30 mins)

Medium Size Game 5+GK v 5+GK

Area- Half-size pitch length and full width

Time - Two 13-minute halves with 2-minute rest in between

Rules - Both team score into the big goals, and GKs can only build out with their feet

Organisation - Both teams set up as 2-1-2 Wide

Coaching:

- Promote effective building out, through, around or over
- Observe the structure and then player repositioning when GKs have the ball
