Time - 6 sets of 2 minutes games

Action - Repositioning

Behaviour - Exploiting the space

Rules:

- Two areas with six players each (2v2 in the middle + a neutral on end).
- The attacking team work the ball from neutral to neutral, everytime they do so, it's a point.
- The defending team, when you steal the ball, you can play the neutral to get a point.
- Neutrals play to the team who has played them the ball, and they can be tackled for instant change of possession.
- Teams rotate roles after each game, after 3 games, the top 3 teams and bottom 3 teams play each other for the remainder 3 games.

Coaching:

- Reinforce repositioning to the players to find the ball and connect the neutrals
- Receive with space in between the neutrals to give player time to play through.
- Motivate defensive recovery if the ball is lost in the build-up

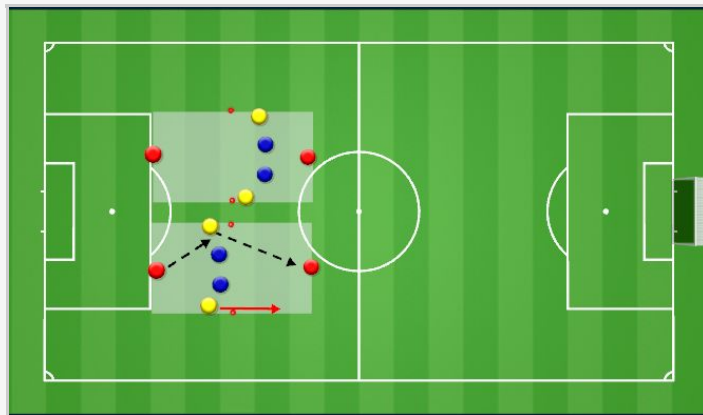

Progressions:

- Point to the defensive team if they can get the attacking team to play back to the neutral two passes in a row.
