

UQFC - U9-13 - Getting in Behind - Session 1

Category: Academy: Create the attack

Difficulty: Moderate

Liam Mulcahy, Brisbane, Australia

Description

Main Principle: Getting in Behind

Behaviour: Playing through or over

Moments:

When we are in the middle or attacking third

If the opposition/opponent has left space in behind

4v2 Rondo (20 mins)

Rondo 4v2 (4v1 if needed)

Area - Diamond Shape x 2 (10x10m or 6x6m for 4v1)

Time - 3 x 4 minutes with 2 x 30-second Dual Force

Action - Getting in behind

Behaviour - Exploiting space

Rules:

- Normal club rules, defenders hold the bibs and drop when out
- 10 Passes and Catch to keep defenders in for another round
- Swap defenders if in longer for 90 seconds with player who has been in the lease.

Progression: (after 4-minute sets)

- Defenders can win the ball and dribble out to get both defenders out, closest player to when the ball left the area become defenders

Dual Force - First Round

- Knee Ball, in pairs players, have one ball and go into the press-up position, one player with the ball knees it to score between their partner's arms (30 seconds)
- Head Ball, in pairs as above game, but now header (on the ground) the ball through your partner's arms to score

Dual Force - Second Round

- Leg Wrestling, in pairs on the ground, raise one leg each (same leg) and make their leg on the ground (like arm wrestling), swap legs and first to two
- Knee Wrestling, in pairs, on your knees, then try to pin your partner on the ground for 3 seconds

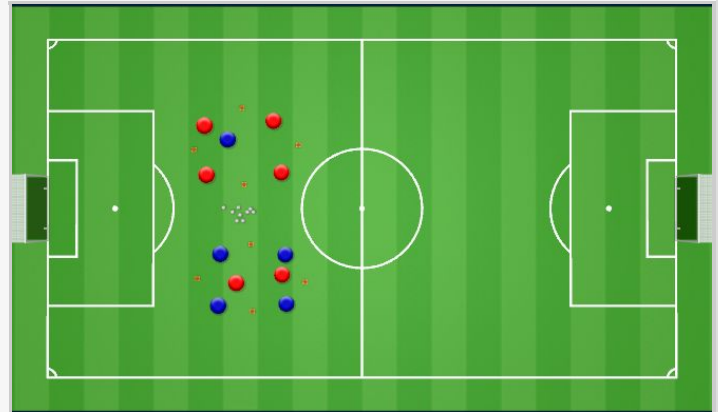

Coaching:

- Observe players playing through and over the defenders
- Look for players adjusting distances and arriving in the space on time

Water Break:

Duration 4 minutes

Individual time for warm-up needs

Cross the River - Whole Team (25 mins)

Positioning Games

Area - Rectangular area with three sections (15 by 20 yards and the middle 5 yards in width)

Time - 6-minute sets with 2-minute rests in between

Action - Attacking

Behaviour - Exploiting space

Rules:

- Divide the players into three teams, GKs play at the back in possession
- The three teams go into the three marked sections
- The middle team are the defender's first
- One defender runs in to chase the ball, with the coach shouting in another defender every 5 seconds
- The attacking team needs to play through or over the defenders to the other side
- Once that happens, the same team defends (chases) in the other section
- When defenders win the ball, they must try and transfer it to the attackers on the other side, defenders in the middle zone can collect and pass through, also
- If successful, the team that lost the ball are now the defenders (middle zone)

Progression:

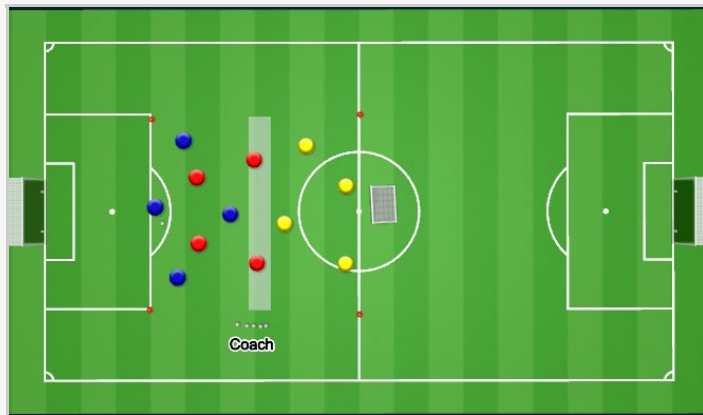

- Anytime - Defenders can send in as many players as they like (encourage problem solving on when to go and when to stay)
- Set two, the defenders now chase in after two passes (not on the coach)
- Set three, attackers in possession can be positioned in the defender's middle zone

Coaching:

- Players on and off the ball constantly scanning to where their furthest pass can occur.
- Pass being played that allows the receiver to control comfortable.
- Constantly looking for gaps in the defence, If no gaps occur then moving the ball to move the defenders to create those gaps **Behind, Beside, Through, Over.**

Water Break:

Duration 6-minutes

Small Sided Game (30 mins)

Medium Game 4v4 (three teams)

Area - Length 20 yards and width 30 yards (adjust according to age group)

Time - Continuous for 30-minutes

Focus - Getting in behind

Rules:

- Teams score into the mini goals. (Big goals if you have GK)
- Two teams on and one around the outside
- Outside players have 3 seconds to play the ball, must move around the outside as the ball moves inside and can be tackled
- One goal and the losing team is off, teams count how many wins

Coaching:

- Praise players who run in behind to exploit the space
- Praise players who play balls in behind quickly (speed of thought) going through or over
- Reinforce past principles (actions & behaviours) such as chasing, trapping, building out, recovering, counter-attacking, playing through midfield, defending and final third attacking
