Positional Play (Big) (20 mins)

Getting in Behind positional

Area - half pitch

Time - 2 x 11 minutes (swap roles after time)

Action - Getting in Behind

Behaviour - Exploiting the space

Rules:

- 5 Blues + GK v 6 Red
- Start from Red collecting ball from half way
- Red team score in big goals, and the Blue score in mini-goals
- Play starts on the halfway line with orange team collecting
- All players remain inside the halfway line and red cones until the orange play in behind
- Allow natural restarts (Throw-ins or Goal-Kicks)

Promote the offside rule but allow play to continue if there is a marginal offside.

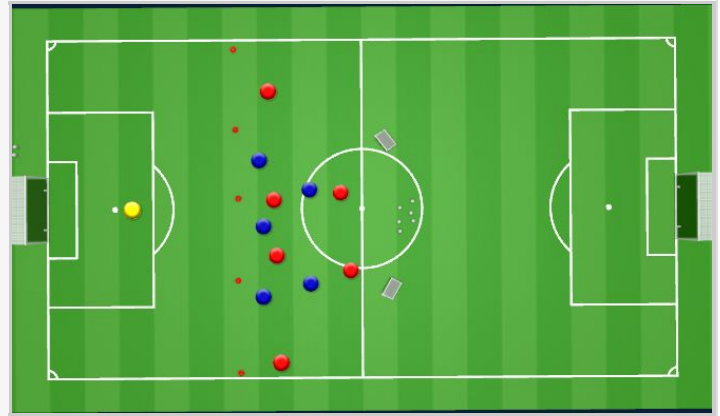

Coaching:

- The focus is on the orange team to be brave and get beyond the black defensive line to receive the ball.
- Promote future thinking from players that can receive beyond. (eyes up, clear space, clear passing line)
- Ask questions of the ball carrier on when they might play that ball beyond (space to receive, time to play pass, clear passing line).
- What happens after the pass is played (flood with numbers forward and support the ball carrier).

Water Break:

Duration 5 minutes

Quick group discussion on why we play in behind and when with the players
