

UQFC - U9-U13 - Pressing - Session 1

Category: Academy: High-block and press

Difficulty: Moderate

Liam Mulcahy, Brisbane, Australia

Description

Main Principle: Pressing

Behaviour: **Win the ball back as quick as possible, as close to the goal as possible.**

4v2 Rondo (20 mins)

Rondo 4v2

Area - Rectangle shape (10x8m)

Time - 3 x 4 minutes with 2 x 30-second Dual Force exercises between sets

Action - Pressing

Behaviour - Sprinting after the ball

Rules:

- Defenders hold bibs and drop when they retain the ball or are closest to the player that kicks it outside the area
- If a defender drops the bib outside the area or throws it, and the new defender catches it, they are in again
- Defenders steal the ball, drop the bib and play. Any defender kicking the ball out remains a defender

Players restart/collect balls from ball stations

Progressions: (after 4-minute set)

- Players complete eight passes, with passes seven to eight needing to be chipped up and caught and all players clapping hands three times, making the defenders remain chasing for an extra round
- Defenders win the ball and dribble out of the square to get all 3 players out

Dual Force - First Round

Push Offs, in twos, face your partner, hands on shoulders and push them back 3 steps for a point (30 seconds)

Hop n Pull, in twos, hold the same hand and stand on the same leg only. Pull partner until non-standing leg touches the ground, then swap over after each point won, right hand right foot and left hand left foot (30 seconds)

Always ask for the winners of each round

3rd Round: Competition Round

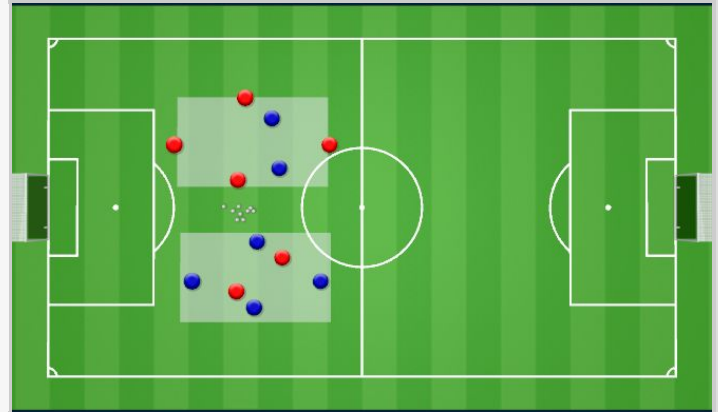

- Players from each square send 2 invaders (who always stay defender) into the other teams square
- Attackers - 1 point for 6 successive passes (no catch)
- Invaders - 1 point for winning the ball and dribbling out OR 2 passes between each other.
- Swap invaders after 1 min - Restart play immediately.

Coaching:

- Sprint to the ball if it's in front of you.
- Anticipate where the ball may go next if you are not sprinting towards the ball
- Work together and keep connected.
- Use the break after Dual Force exercises to discuss (coach in), and **NEVER** stop the Rondo exercise

Water Break:

Duration 4-minutes

Pressing Game (U9-U13) (20 mins)

Positioning Games 4v4v4 Pressing

Area - Rectangle shape (15x20m x 2)

Time - 60 seconds for each round

Action - Pressing

Behaviour - Sprint after the ball

Rules:

- The reds start outside, with three players chasing for 30 seconds, after the remainder 2 reds join to have 4 defenders
- After 60 sec, swap out the chasing team and restart the next round instantly
- If the team wins the ball, then they try and score from the side they won the ball. If the ball goes out, the coach immediately plays another ball in.

-Each team chases for three rounds, and each player does a 30 and 60-second chase

Play three sets of three rounds, after any attacker can go wherever they like

Progressions:

Set 1 - Win the ball and score in the mini goal.

Set 2 - If the chaser/s wins the ball, keep it, orange and blue chase, and steal it back

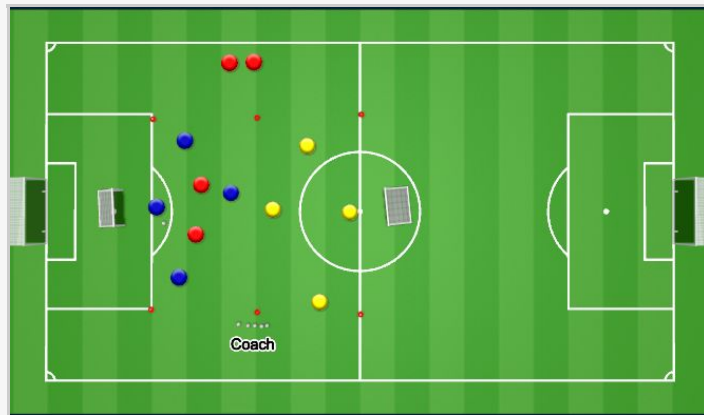

Set 3 - Three teams start inside, and the team that loses the ball become the chasers

Coaching:

- Closest player immediately sprints towards the ball
- The other players prevent forward play first - then anticipate where the next pass goes.
- Work all together and don't get split or played around.

Water Break:

Duration 6-minutes

Small Sided Games (25 mins)

Small-Sided Games 4v4 (Four Teams)

Area - 20 yards by 15 yards

Time - 3-minute games

Action - Pressing

Behaviour - Sprinting after the ball

Rules:

The winner stays on. Teams move up or down pitches

All players must be in the attacking half to score (architecture)

No GK's, play as a sweeper keeper (like match day)

Coaching:

- Observation of players compacting forward into the opposition's half
- Praise successful pressing actions
