Action - Pressing

Behaviour - Sprint after the ball

Rules:

- Teams are divided into 3 equal groups, with 2 teams attacking and 1 team defending.

- Attacking teams aim to keep the ball away from the defenders and get 8 passes for a point for both teams.

- Coach plays ball in when ball has left the area

Play three sets of 2 min. The final round, the team who last touch the ball from going out, becomes the defending team.

Progressions:

- Add/Reduce Defenders (more defenders ensures more success)

- Add mini goals for defenders to score once they win possession of the ball (Goal is worth 10 points).

- Any split pass between defenders is worth double

In-Between Sets (Speed Agility)

- 30 second tag game - The defending team has 30 seconds to tag as many attacker, once an attacker is tagged, they stay still. Repeat two more times with the other teams immediately. Losing team (least number of tags) starts as the first defending team.

Team Tasks

Today's task is to win the ball quickly so we can score goals. IF we can't can we look to prevent the opposition from playing through or around us.

Coaching Tasks:

- Make sure the press is man-marked (1 player per attacker)
- IF your player has the ball, can we go sprint towards it to win.
- IF you are either to the left or right of the person sprint towards the ball. Can we COVER the forward pass and anticipate where the next pass may go.
- IF you are away from the ball, can you follow your teams mates to make sure that there are no gaps to play through, but ready to go and win the ball when it's switch across.

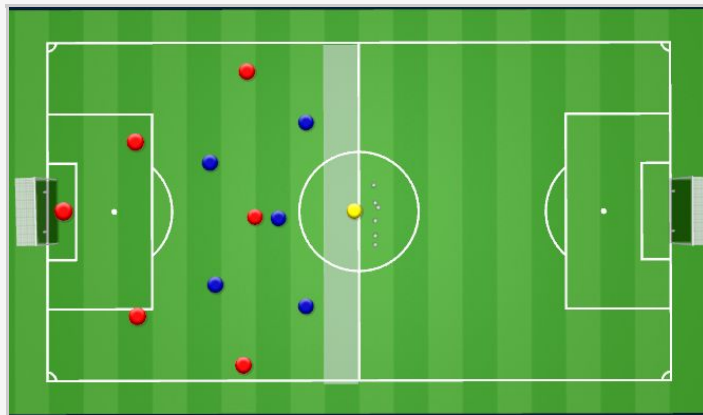

Coaching Types:

Ask questions towards the players instead of commands.

Interventions should take no longer than 30-40 seconds, guide them on their tasks and let them experience it within the environment.
